

TRANSPORT PACKAGING SOLUTIONS

APPA® Carton Pallets

Flexible deliveries for tailor-made pallets

- Strong laminated carton board feet
- Suitable for heavy loads
- 100% recyclable and one material
- Lightweight
- Resistant to side impact and dragging
- ISPM-15 compliant

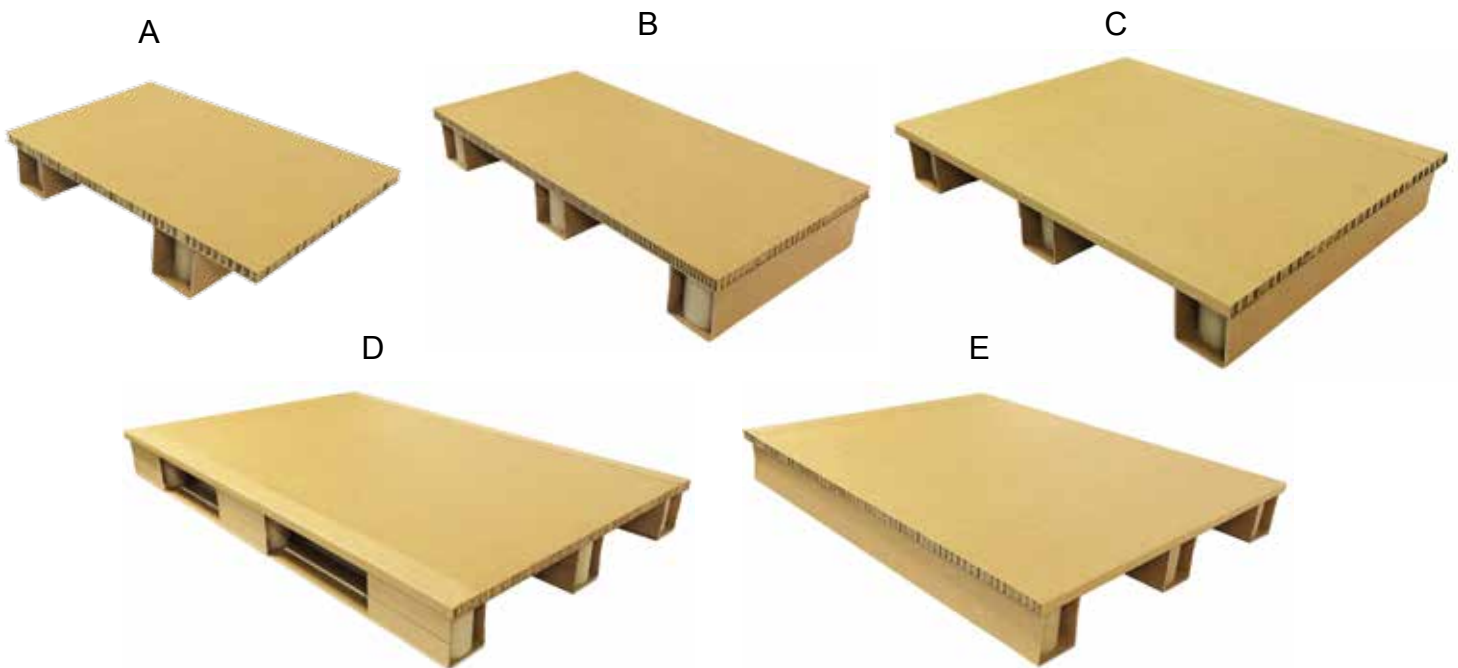

APPA® Carton pallet complies with your green policies and you will benefit from a better company image.

Recycling; Your contribution

Eltete pallet solutions can be designed to fit the exact needs of your packaging. Depending on the product, handling or destination, we can recommend different options in order to optimise strength, space, material and cost expectations.

CARTON PALLET STANDARD SIZES

STANDARD SIZE	PALLET SIZE MM	2-WAY	4-WAY	WEIGHT KG	LOADING CAPACITY KG*
A	400x600	x		1,2	300
B	400x800	x		1,8	400
C	600x800	x		2,6	600
D	1200x800	x	x	5,4	1200
E	1200x1000	x	x	5,6	1200

*Loading capacity is subject to type/size of the products, way of loading, unloading and storing.

We can provide you with the exact size of pallet you need in order to make your transportation effective, in terms of both space and price. Different size and height options provide this advantage.

HUGE SAVINGS IN AIR FREIGHT!

Compare the average weight:

~ 5 kg carton pallet

~ 20 kg wooden pallet

ELTETE - A NORDIC PIONEER WITH OVER 40 YEARS OF EXPERIENCE!

ution to the Environment

THE SECRET OF THE STRENGTH

The secret of the strength of Eltete carton pallets lies in the pallet feet. Eltete PallRun® is a combination of strong laminated U-profiles with kraftliner surface + paper cores. This unique product provides unbeatable strength and humidity resistance which cannot be found in other carton pallet solutions. It is also available in a self-adhesive version.

PallRun®

Self-adhesive

Size

Width: 90 mm

Height: 60 or 100 mm

Length: according to need

PallRun® has a strong surface layer which resists damage and slides well when the pallet is being dragged on a rough floor or ground.

Honeycomb board

The most suitable top board material is selected for each need. It can be corrugated board, honeycomb or other similar material.

STRONG PALLET

Leading independent laboratories have tested our carton pallets in different conditions. The results show up to 10,000 kg of static compression strength on a 4-way pallet without failure.

STANDARD AND TAILOR-MADE

- Pallets can be manufactured according to customer need.
- As a deck board, corrugated or honeycomb board can be used, and other options are also available.
- 2- and 4-way pallets in the required sizes.
- Suitable for use on roll conveyers.
- Designed to be a part of display-ready packaging.

100% RECYCLABLE AND ENVIRONMENTALLY-FRIENDLY

- Easy to dispose of.
- Savings in recycling costs.
- No need for fumigation.
- Accepted anywhere in the world without restrictions.

LIGHTWEIGHT

- 3 - 6kg (carton pallet) vs 15 - 25kg (wooden pallet).
- Easy to handle, which makes it user-friendly.
- Less weight, savings in transportation like airfreight.

EFFECTIVE TRANSPORT OPTIMISATION

TYPICAL END USERS	EXTRA ADVANTAGES
Food producers	Hygienic
Pharmaceutical	Hygienic
Export companies	No fumigation, light
In-state displays	Disposable single-material

- ✓ Load more for less space
- ✓ Savings in transport cost
- ✓ Space savings in warehouse

DISPLAY

Display-pallet is a combination of PallRuns®, honeycomb board and V-cut packaging profiles. It is lightweight and easy to recycle with any other carton material. This is an excellent alternative to heavy wooden pallets, which are traditionally used under shop displays.

PALLET TRAY WITH FRAME

Suitable for short and long products, pallet tray stabilises, secures and protects your shipment.

PALLET BASE WITH EDGERUNNER

Side protection gives good strapping protection and holds goods together.

LET US TAILOR YOUR NEW APPA® CARTON PALLET.

Eltete TPM Ltd (Transport Packaging Materials) is a global carton board converter and an ISO-certified supplier of 100% recyclable transport packaging materials. With our own engineering division we are able to react quickly to customer demands.
